darkvision (can see clearly in the dark or dim lights for a distance of 60 ft, only in grey shades, no color)

Hellish resistance: you have resistance to fire damage

infernal legacy : you know the thaumaturgy cantrip.

Sneak Attack : you know how to exploit a foe's distraction. Once per turn, you can deal an extra 1d6 damage to one creature you hit with an attack if you have advantage on the attack roll. The attack must use a finesse or a ranged weapon.
You don't need advantage on the attack roll if another enemy of the target is within 5 feet of it, that enemy isn't incapacitated, and you don't have disadvantage on the attack roll.

Thieves' cant: code that allows you to hide messages in seemingly normal conversation. Only another creature that knows thieves' cant understands such messages. It takes four times longer to convey such a message than it does to speak the same idea plainly. In addition, you understand a set of secret signs and symbols used to convey short, simple messages.

Criminal contact: You have a contact who acts as your liaison to a network of other criminals. You know how to get messages to and from your contact, even over great distances.
